KG8 & KG8.1 - Liquid & Foam Anti-Bac Hand Soap

KG5 - Hi-Temp Grill Cleaner

KG2.1 - Triamine based surface disinfectant

GP21 - Foaming Anti Bac Hand Wash

KG12 - De-carbonising Pre-Soak

GP22 - Alcohol free Anti-Bac Hand Rub Foam

- **KG1 is a heavy duty cleaner and degreaser:**
- Easily removes fat, grease, oil & ingrained soiling in a food preparation environment:
- For use on a variety of washable hard surfaces including kitchen equipment, cooker hoods, floors, walls, drive-throughs, loading bays and workshops:
- Excellent for deep fat fryer boil-out:

- **KG2 is a cleaner disinfectant:**
- Removes general soiling & kills bacteria in one application:
- Terminal disinfection for use in the food, catering and FM industries:
- Helps to prevent the spread of contamination:
- Ideal for use on all food contact surfaces including worktops, chopping boards, refrigerators, kitchen utensils and equipment:
- Effective against Mould, Fungi, Bacteria and Viruses:
- Tested and approved to EN1276; EN13697: EN13727: EN14476:

- **KG2.1 is a Triamine based cleaner disinfectant:**
- Removes general soiling & kills bacteria in one application:
- Triamine active leaves behind no chemical residue:
- Terminal disinfection for use in the food manufacturing, catering and FM industries:
- Helps to prevent the spread of contamination:
- Ideal for use on all food contact surfaces including worktops, chopping boards, refrigerators, kitchen utensils and equipment:
- Effective against Mould, Fungi, Bacteria and Viruses:
- Tested and approved to EN1276; EN13697: EN13727: EN14476:

- **KG3 is a high active content detergent for manual cleaning of kitchen utensils, crockery, glassware and washable hard surfaces including windows, vehicles, walls and floors:**
- High dilution rate for extra economy:
- Excellent drainage properties to leave crockery and glassware streak free:
- Ideal for pre-soaking and washing heavily soiled dishes:

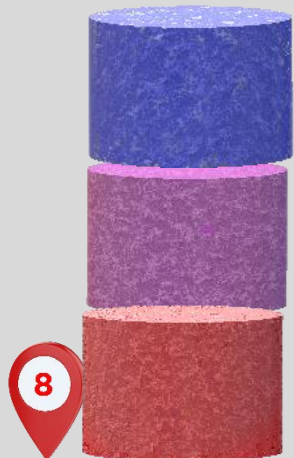

- **KG3.1 is a high concentrate detergent for manual cleaning of kitchen utensils, crockery, glassware:**
- High dilution rate for extra economy:
- Excellent drainage properties to leave crockery and glassware streak free:
- Ideal for pre-soaking and washing heavily soiled dishes:

- **KG3:2 is a high concentrate detergent with an anti-bac element for manual cleaning of kitchen utensils, crockery, glassware:**
- High dilution rate for extra economy:
- Excellent drainage properties to leave crockery and glassware streak free:
- Effective against bacteria and viruses including Coronavirus:
- Tested and proven to EN1276; EN 13697: EN13727:
- Ideal for pre-soaking and washing heavily soiled dishes:

- **KG4 is a liquid Biological Drain Treatment:**
- Highly concentrated formula gives greater economy in use:
- Maintains your drains, grease traps, and septic fields the environmentally responsible way:
- Reduces the demand for further downstream waster processing:
- Restores normal flow rate to slow drains:
- Reduces bad odours:

- **KG4:1 is a solid Biological Drain Treatment:**
- Super concentrated formula gives greater economy in use:
- Maintains your drains, grease traps, and septic fields the environmentally responsible way:
- Reduces the demand for further downstream waster processing:
- Restores normal flow rate to slow drains:
- Reduces bad odours:

- **KG5 is a High Temperature Grill cleaner:**
- Quick in use during process:
- No need to allow the Grill to cool:
- Food safe:
- Reduces cleaning time and cost:

- **KG8 is an Anti-Bacterial Hand Wash:**
- Provides a rich creamy lather with a thorough cleansing action:
- Contains emollients for added skin protection:
- Contains no perfume:
- Ideal for use in food preparation and food processing areas:

- **KG9 is a Bio-based Stainless-Steel Cleaner:**
- VOC Compliant:
- Suitable for use on all Stainless-steel surfaces:

- **KG10 is a Descale for Automatic Machines and Equipment:**
- Highly effective multi-purpose liquid:
- Suitable for removing limescale from a variety of kitchen equipment and ice machines:
- Suitable for removing limescale from Auto Dishwash machines:

- **KG11:1 is a foaming oven cleaner:**
- Powerful and very effective:
- Removes the most stubborn baked on grease:
- Suitable for use on interior of enamelled ovens, enamelled surfaces, griddles and cast-iron hobs:

- **KG12:1 is a Decarbonising, Pre-soak for oven equipment:**
- Dissolves easily in hot water for soak tank cleaning:
- Removes carbonised soil:
- Suitable for use on aluminium trays, crockery & tea urns:
- Suitable in hard or soft water:

- **KG20 Auto Dishwash** is a high active, low foaming Alkaline detergent for use with hard water:
- Suitable for use in all types of single and multi-tank automatic dishwash machines:
- Designed for washing of Utensils, Dish & Glass-Ware, Containers etc:

- **KG21** is a concentrated blend of low foaming surfactants to promote the rapid drying of glassware, crockery & kitchen utensils:
- Designed for use in single & multi tank automatic dishwash and glass washing machines in kitchens, canteens, restaurants, hotels and bars etc:

BIODOSE BIOLOGICAL DRAIN TREATMENT

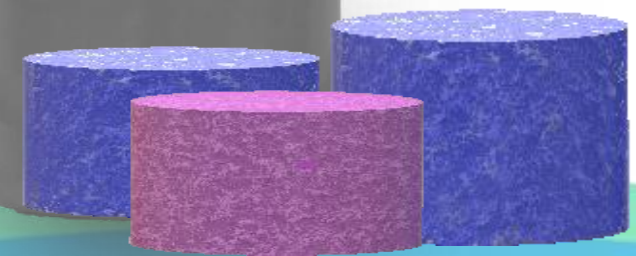

INTRODUCING

biodose^{*}

A "NEW" lower cost in use solution for drain treatment:

Introduction

- ▶ Biodose is a solid biological drain cleaning system:
- ▶ Biodose has been developed to produce a complete cleaning process not available using liquid systems:
- ▶ Biodose has been developed through the need to provide a more cost effective solution for the treatment of "FOG". Fats, Oils and Greases:

biodose[®]

Untreated Organic Waste

Untreated waste can cause:

- ▶ Blocked lines and grease traps:
- ▶ Regular pump out charges. A single pump out charge can be as much as £500:
- ▶ Disruption to the business:
- ▶ Foul odours:
- ▶ Sewerage back-up – Hazardous to health:
- ▶ SSO's – Sanitary Sewerage Overflows are expensive to clean up and remain the responsibility of the property owner:

Bacterial Waste Treatment-The Solution:

- ▶ A combination of bacteria and cleaning detergent introduced daily into the drain system will start to:
 - ▶ Effectively breakdown and consume the Fats, Oils and Greases:
 - ▶ Reduce the malodour:
 - ▶ Help to clean and maintain free-flowing drains:
 - ▶ The waste compounds are broken down allowing the bacteria to consume them into water and CO₂:
 - ▶ The adaptable nature of bacteria makes it possible to target specific food sources:
 - ▶ Bacteria will also consume Phosphates, Nitrates, Ammonia for example:

Benefits of utilising a Biodose Block cont.

- ▶ A sustainable greener solution – No “single use” plastic:
- ▶ Environmentally friendly – Biodegradable “Class 1” and compliant with EU regulations. (Safe Bacteria EFSA compliant and have QPS status):
- ▶ No risk of spills or splashing:
- ▶ Improved operator safety – No Hazardous chemicals:
- ▶ Improved transport efficiency – No shipping of water:
- ▶ Easier to handle:
- ▶ Has the potential to dose up to 100x more than conventional competitive liquid volume systems – 2 metres per min:

Products - Bacterial Solid Block

- ▶ Standard Block – Blue
 - ▶ 1.5kg to maintain free flowing drains in normal use accounts
- ▶ Be-spoke block - Purple
 - ▶ 1.5kg custom block for a specific application and environment

INTRODUCING

HD Cleaners /
Disinfectants:

Toilet Cleaners:

Glass & Window
Cleaner:

Furniture Polish:

Air Freshener/
Deodoriser

Citric acid based
HD cleaner

Room Service

Toilet Cleaners	HD Surface Cleaner/ Disinfectants	Glass, Window & Stainless-Steel Cleaner & polish	Furniture Polish	Air Fresheners/ Deodourisers	HD Washroom Cleaners:	Personal Hygiene
RG1 – Daily maintenance Toilet Cleaner 	RG2 – Multi-purpose cleaner disinfectant 	RG3 – Window, glass & stainless steel cleaners 	RG4 - Furniture multi-surface cleaner polish 	RG5 - Air freshener conditioner 	RG9:1 – Citric acid based HD cleaner 	GP22 Medicated Hand Disinfectant 
RG6 – Toilet cleaner renovator 					FG3 – Neutral multi-surface cleaner 	GP21 Medicated Hand Wash 
FG10 – HD Toilet cleaner renovator 						GP23 – 70% Alcohol Hand Sanitiser 

- **RG1 is a Ready to use, mild acid-based Toilet Bowl & Urinal Cleaner.**
- Long lasting perfume to freshen the washroom:
- Highly perfumed, thickened cleaner:
- Cleans & deodorises in one application:
- For daily & routine cleaning of toilet bowls, urinals, sinks, and baths:
- Ideal viscosity. Clings to vertical surfaces, allowing longer contact for better cleaning:
- Citric acid based:

- **RG2 is a multi-purpose bactericidal hard surface cleaner:**
- Kills a range of pathogens including Legionella, MRSA, E.coli, Flu, Coronavirus & Norovirus:
- Extremely effective multi-purpose cleaner:
- Neutral pH suitable for cleaning a variety of surfaces:
- Passes EN 1276, EN1650, EN13697, EN13727, EN14561, EN14562, EN14476:

- **RG3 is a highly efficient window, glass & stainless steel cleaner.**
- Will quickly remove grime & leave a sparkling streak free finish:
- Non fogging:
- Especially effective on figure marks in lifts and on shiny surfaces:

- **RG4 is a ready to use, high quality, multi surface liquid spray polish & cleaner:**
- Use on variety of hard surfaces to clean & polish including wood, stainless steel, glass & chrome:
- Anti-static properties make it ideal for computer areas:

- **RG5 is a water-based Air freshener with fresh floral scent:**
- For use as an Air Freshener and a Fabric deodoriser:
- Fresh, clean fragrance:
- Distinctive long-lasting perfume to help overcome malodours:

- **RG6 is a ready to use heavy duty, toilet restorer:**
- Powerful, quick acting, hydrochloric acid based:
- Heavy duty cleaner & scale remover with corrosion inhibitor:
- Thickened formula clings to vertical surfaces allowing longer contact for better cleaning:
- Rapidly removes the heaviest soiling & limescale:
- For use on internal surfaces of porcelain toilets & urinals, ceramic & quarry tiles:
- Angled nozzle for easy access under the toilet rim:

- **RG9.1 is a highly efficient citric acid based, multi-surface cleaner:**
- Quickly removes limescale, body fat & stubborn soil:
- Cleans surfaces & deodorises in one operation:
- Suitable for use on porcelain, stainless steel, chrome, ceramic & quarry tiles:
- Ideal for use on washbasins, baths, showers, toilets, swimming pool surrounds, changing room floors & shower heads:

- **FG1 is a wet polishing compound for marble floors:**
- Increases surface resistance to foot traffic:
- Lasting protection against soiling and foot traffic:
- Suitable for all marble and lime-based material:
- Boosts non-slip qualities:
- Leaves a deep, vitreous shine:

- **FG2 is a new generation crystallisation cream:**
- Quick, easy application:
- No pitting:
- Increased duration of shine:
- No discolouration of materials that it is applied to:
- Used with a white pad, removing the risk of oxidisation:
- No defects through overlapping:

- **FG3 is a neutral hard surface cleaner:**
- FG3 has an Orange fragrance:
- Is free rinsing with a neutral pH:
- Removes stubborn soil and grease effectively without dulling the gloss surface of the floors:
- Suitable for mopping, spray cleaning:
- Suitable for use on all hard surfaces:

- **FG4 is a low foam multi-surface cleaner:**
- Neutral cleaner to remove general soiling:
- Highly recommended for use with marble, terrazzo and polished floors:
- Also suitable for vinyl, rubber, ceramic and sealed wood floors:
- Ideal for supermarket and shopping malls:

- **FG5 is a multi-use fragrance deodouriser concentrate:**
- Liquid spray for linen & fabrics:
- Long lasting fragrance:
- Ideal for refreshing linen, towels and furnishing fabrics:

- **FG6 is a cleaner and deodoriser:**

- **FG7 is a multi-surface cleaner sanitiser:**
- Cleans, disinfects and deodorises in one operation:
- Neutral pH formulation, suitable for use on all washable surfaces:
- Kills a range of bacteria including Legionella, Coronavirus, MRSA, E.coli:

- **FG8 is a floor clean and shine maintainer:**
- Suitable for use on unpolished floor surfaces, damp mopping and dry burnishing:
- Cleans & restores the gloss on all hard floors, including vinyl, rubber, terrazzo, marble, sealed and polished floors:
- Removes scuff marks & increases durability of the polish:
- Buffs to a slip resistant gloss finish:

- **FG9:1 is a citrus multi-surface cleaner:**
- Highly efficient multi-surface cleaner:
- Quickly removes limescale, body fat & stubborn soil:
- Fresh citrus perfume, leaves a long-lasting fragrance:
- Suitable for use on porcelain, stainless steel, chrome, ceramic & quarry tiles:

- **FG10 is a heavy duty toilet cleaner and renovator:**
- Powerful, heavy duty, acidic toilet cleaner & descaler:
- Thickened, clings to vertical surfaces, allowing longer contact for better cleaning:
- Rapidly removes heavy soiling & limescale:

- **FG11 is a Luxury Perfumed**
- **Liquid Hand Wash:**
- Attractive, pearlescent liquid for washing hands, hair & body:
- Provides an excellent cleansing action:
- Contains an added moisturiser to help protect the skin:
- Suitable for use in all types of refillable wall mounted dispensers in washrooms & shower areas:
- Also available in Pouch format:

- **FG11.1 is a Luxury Perfumed Foam Hand Wash with**
- **Moisturisers:**
- Luxury handwash which generates an instant soft & silky cleansing foam:
- Mild & gentle:
- Attractive & invigorating perfume to refresh the hands:
- Contains an added moisturiser to help protect the skin:

- **FG11.3 is a heavy-duty industrial hand wash:**
- Provides a rich creamy lather with a thorough cleansing action:
- Contains emollients for added skin protection:
- Contains no perfume:

- **FG12 is a glass cleaner polish:**
- Quickly removes grime, leaving a sparkling, streak free finish:
- Especially effective on finger marks in lifts & on shiny surfaces:

- **FG16 is a traffic soil remover:**
- Powerful heavy-duty detergent for use with all types of high-pressure power wash machines:
- Removes grease, grime and traffic soils from floors, walls, drive-through's, vehicles and machinery:
- Also suitable for application by mop, brush or sprayer:
- Quick & effective cleaning action:

- **FG17 is a heavy-duty pine disinfectant:**
- Provides a clean fresh smell of pine:
- Proven to be effective against bacteria:
- Removes bad smells and odours by killing the bacteria:
- Suitable for floors, walls, sinks and toilet surrounds:
- Can be used in drains and toilets to remove malodours:

- **FG20 is a heavy-duty all-purpose cleaner:**
- Highly suitable for removing heavy soil in engineering workshops & general industry:
- Easily removes difficult grease soils and small metal deposits keeping them in suspension to avoid redeposition:
- Recommended for use on a variety of washable surfaces including machinery, floors & walls:

- **FG21 is a citrus washroom cleaner disinfectant:**
- Alkaline formulation. Suitable for use on washroom surfaces:
- Helps in removing organic, inorganic soils and stains:
- Kills a wide range of bacteria, mould, viruses (including Coronavirus), fungi:
- Removes general soiling from baths, washbasins, showers, toilets, & tiles:
- Distinctive long-lasting citrus fragrance to help overcome malodours:

PROTEC+PLUS

PROTEC+PLUS 24/7

PROTEC+ PLUS

- **GP1 Guard-Pro Protec+ Plus is a terminal disinfectant for use in all Market sectors:**
- Proven to reduce the opportunity of cross infection:
- Effective up to 99.999% against harmful pathogens:
- Ideal for use on all surfaces and materials:
- Effective against Bacteria, Viruses, Spores, Mould & Fungi, including Coronavirus and Norovirus and Flu:
- Non-irritant, non-flammable:
- Tested and approved to EN1276, EN1650, EN13697, EN13727, EN14561, EN14562, EN14476:

PROTEC+ PLUS

- **GP2 Guard-Pro Protec+ 247 is a terminal disinfectant with Active Release Technology (ART), for use in all Market Sectors :**
- Disinfectant with sustained microbial activity, giving peace of mind around the clock:
- Proven to reduce the opportunity of cross infection:
- Effective up to 99.999% against harmful pathogens:
- Ideal for use on all surfaces and material:
- Effective against Bacteria, Viruses, Spores, Mould & Fungi, including Coronavirus and Norovirus and Flu:
- Non-irritant, non-flammable:
- Tested and approved to EN1276, EN1650, EN13697, EN13727, EN14561, EN14562, EN14476:

- **KG2 Guard-Pro Cleaner sanitiser is a terminal disinfectant cleaner designed for use in the kitchen food sector:**
- Removes general soiling & kills bacteria in one application:
- Terminal disinfection for use in the food, catering, & FM industries:
- Helps to prevent the spread of contamination:
- Ideal for use on all food contact surfaces including worktops, chopping boards, refrigerators, kitchen utensils and equipment:
- Tested and approved to EN1276, EN1650, EN13697, EN13727, EN14561, EN14562, EN14476:

- **KG2:1 Guard-Pro Triamine Cleaner Disinfectant is a terminal disinfectant cleaner designed for use in the food processing and manufacturing sectors:**
- Removes general soiling & kills bacteria in one application:
- Terminal disinfection for use in the food, catering, & FM industries:
- Helps to prevent the spread of contamination:
- Leaves no residue:
- Ideal for use on all food contact surfaces including worktops, chopping boards, refrigerators, kitchen utensils and equipment:
- Tested and approved to EN1276, EN1650, EN13697, EN13727, EN14561, EN14562, EN14476:

- **FG7 is a multi-surface cleaner sanitiser:**
- Cleans, disinfects and deodorises in one operation:
- Neutral pH formulation, suitable for use on all washable surfaces:
- Kills a range of bacteria including Legionella, Coronavirus, MRSA, E.coli:

- **KG3:2 is a super concentrate detergent with an anti-bac element for manual cleaning of kitchen utensils, crockery, glassware:**
- High dilution rate for extra economy:
- Excellent drainage properties to leave crockery and glassware streak free:
- Effective against bacteria and viruses including coronavirus:
- Tested and proven to En1276; EN 13697: EN13727:
- Ideal for pre-soaking and washing heavily soiled dishes:

- **AG4 is a concentrated disinfectant providing a powerful barrier to viruses and bacteria:**
- It is designed to kill bacteria on contact and consequently removes smells from fishing nets, mats and slings:
- Effective against most pathogens including E.coli; Salmonella; Weil's Disease and Coronavirus:
- Tested and approved against EN1276; EN13697: EN14476 amongst others:
- This product has been tested and approved against IPNV which is one of the hardest viruses to kill in Aquaculture. This is the pinnacle of Biosecurity for Fisheries and Fish Farms:

Promoting a Healthy Workplace

BEFORE

AFTER

WHY INSTALL HANDLE HYGIENE AUTO DOOR HANDLE PROTECTION?

- The **Handle Hygiene system**, keeps door handles clean. No matter **who touched it last**:

Using Handle Hygiene Washroom door handle protection:

- Contaminated surfaces contribute to the spread of pathogens:
- Door handles, in particular, are a well-documented breeding ground for dangerous pathogens:
- Door handles are a high risk, unavoidable common contact surface, facilitating the transmission of pathogens throughout any facility:
- A recent study showed, with the use of tracer viruses, how the contamination of a single handle or table-top results in the spread of viruses throughout a facility:
- Within 2 to 4 hours, the virus could be detected on between 40 to 60 percent of workers and visitors in the facilities:

- **Clean hands** ultimately save lives and washing is paramount, **but only part of the solution**:

Not using Handle Hygiene Washroom door handle protection:
