# about us ...

Biosecurity Solutions is a hygiene and cleaning solutions provider, that offers an A-Z of hygiene and cleaning products for your business.

Our Hygiene representatives consult with you to select the best solutions applicable to your needs.

Our value added solutions provide high efficiency, durability, strength and best in use cost, with the support of our brand partners who represent those same values.

Preparing and serving attractive, nutritious and safe food makes good business sense in order to create a good reputation and a growing sustainable business. An unclean food serving establishment that employs staff who do not have the proper tools, food safety knowledge, nor follow good food hygiene practices, will put your reputation and business at risk.

The Guard Pro Kitchen Hygiene range of professional products are internationally approved to meet all important food hygiene standards including EN, NSF, SFDA, SASO and HALAL to make cleaning faster, efficient, cost effective and safe.
